

Managing Challenging Behaviours

Training Details:

Course Tagline	In almost every class there will be some children and young people whose behaviours challenge. They may disrupt the learning of other students and can make every lesson a struggle for staff. This course looks at ways of managing these behaviours by first gaining an understanding of why students behave in these ways.
Course Length	Full Day 6 hours
Course Outline/Description	This course will consider <ul style="list-style-type: none"> • Factors that make children behave differently from their peers • Exploration of what drives their behaviour • Approaches that help and approaches that hinder • Strategies that can be used with individuals to help them manage their own emotions and behaviour • What can be done when a child/young person is out of the classroom • Whole school approaches to behaviour and nurture
Target Audience	All teachers and school staff but particularly designated teachers for Looked After Children, SENCOs and staff who work in inclusion or pastoral support.
Course Outcomes	By the end of the course delegates will be able to identify causal factors for specific behaviours and be able to consider differentiated responses and strategies to meet the needs of students and manage behaviours that challenge effectively so that all earners can learn.
Course Trainer	Sheila Mulvenney

Pricing - if arranged by Attuned Education

Cost per delegate	£75 payable via website www.attunededucation.com
