

# Overcoming Barriers to Learning

---

## Training Details:

Course Tagline	In almost every class there will be some children and young people who aren't really in a place to learn. This full day course explains the reasons why and importantly what staff who work in schools with these learners can do to help them reach a place where they can learn.
Course Length	Full Day 6 hours
Course Outline/Description	This course will consider <ul style="list-style-type: none"><li>• Factors that make vulnerable children behave differently from their peers</li><li>• Exploration of what drives their behaviour</li><li>• Approaches that help and approaches that hinder</li><li>• Strategies that can be used with individuals to help them be ready to learn</li><li>• Whole school approaches to behaviour and nurture</li></ul>
Target Audience	All teachers and school staff but particularly designated teachers for Looked After Children, SENCOs and staff who work in inclusion or pastoral support.
Course Outcomes	By the end of the course delegates will be able to identify causal factors for specific behaviours and be able to consider differentiated responses and strategies to meet the needs of students and manage behaviours that challenge effectively so that learners can be in a place where they can learn.
Course Trainer	Sheila Mulvenney

## Pricing - if arranged by Attuned Education
